

ProSec2

The affordable alternative to ISO 27001

84% OF DATA BREACHES ARE CAUSED BY STAFF ERROR PWC 2014

KNOW THAT YOUR BUSINESS CRITICAL DATA IS SAFE

LET YOUR CLIENTS KNOW TOO

The ProSec2 Framework

The ProSec2 framework is built on 5 best practice principles. Each principle has an associated objective and requirement. As part of the package we provide 10 fully editable IS Policy Templates for your use should you need them. By completing the assessment and achieving accreditation you will be informing your clients that your business is following best practice in these key areas.

- fixed price
- easy to understand
- 10 best practice IS Policy templates included
- Audit included
- Enhances client confidence & perception
- Can offer a competitive advantage
- Enhances security awareness within your organisation

THE ProSec2 PRINCIPLES
